

Dear Neighbourhood Watch London Member:

As you may have heard, Neighbourhood Watch London (NWL) is going digital in an effort to reduce costs and our impact on the environment. This means that the best source moving forward for updates will be emails from your Area Coordinator, and via our social media pages (facebook, twitter and instagram).

While we will rarely email individuals members directly, it does help us to have your most up to date contact information on file, in case if we cannot reach your Area Coordinator. Your information will not be sold, and will not be shared with any third parties without your consent.

If you have any questions or concerns about this, please contact us at info@nwlondon.ca or by calling us at (519)661-4533. Also, we encourage you to visit our updated privacy policy at nwlondon.ca/privacy-policy/.

Thank you.

Sincerely,

A handwritten signature in black ink, appearing to read "Rodolfo Martinez", written over a white background.

Rodolfo Martinez
Project Manager, Neighbourhood Watch London
